Forest Service

TITLE: Grazing Permit Administration Forms

OMB CONTROL NUMBER: 0596-0003

SUMMARY OF COLLECTION: Domestic livestock grazing occurs on approximately 92 million acres of National Forest Service (NFS) lands. This grazing is subject to authorization and administrative oversight by the Forest Service (FS). The information is required for the issuance and administration of grazing permits, including fee collections, on NFS land as authorized by the Federal Land Policy and Management Act 1976, as amended, and subsequent Secretary of Agriculture Regulation 5 U.S.C. 301, 36 CFR 222, subparts A and C. The bills for collection of grazing fees are based on the number of domestic livestock grazed on national forest lands and are a direct result of issuance of the grazing permit. Information must be collected on an individual basis and is collected through the permit issuance and administration process. FS will collect information using several forms.

NEED AND USE OF THE INFORMATION: FS will collect information on the ownership or control of livestock and base ranch property and the need for additional grazing to round out year long ranching

operations. FS uses the information collected in administering the grazing use program on NFS land. If information were not collected it would be impossible for the agency to administer a grazing use program in accordance with the statutes and regulations.
